Let's opt for E-Statement, protect the environment

In line with our Club's environmental policy, Hebe Haven Yacht Club will be introducing the E-Statement system to our members in April 2010.

All members can then login and view their statements once they are issued at our Club's official website (<http://www.hhyc.org.hk>). You can enjoy greater convenience in a secure platform to access your account at any time while saving paper and building a greener future for our next generation.

To log in and access the member's areas in the website to view your E-Statement, please sign up by clicking the link (<http://www.hhyc.org.hk/page.php?page=signup>) now.

First Time Users please follow the instructions below:

To sign up, please fill in the required information, your log in account will be activated within 72 hours and you will receive confirmation by email that will advise that you have successfully activated your account. Once you have gone through the initial login, you will be able to login as an existing user. You can then visit the "E-Statement" page under "My Account" to check your statement.

The E-Statement will run in parallel with the traditional paper statement up to the end of December 2010. The E-Statement system will take effect from 1st January 2011.

Should you have any queries regarding this matter, please contact Ms Anna Cheng, our Membership Executive at 2719 9682 or email to membership@hhyc.org.hk.
